2/24 DOCKET NO. E-01345A-13-0069 SMART METERS in favor

Arizona Corporation Commission

Attn: Utility Division

Reference: Doc E-01345A-13-0069

I understand the Health Dept is reviewing APS replacing meters at private residences. These replacements will take place with or without homeowners/residents approval. APS states this is to protect and reduce meter reader personnel. These meters will transmit signals 24 hours a day. That means residents will be exposed to transmitting signals which could be harmful to some residents, especially to seniors/elderly, especially where the meters are adjacent to the front doors, as they are in my development (The Views of Camp Verde).

I would hope the commission will prohibited this action until a study provides assurance to citizens of Arizona there are no health risks from exposure to these meters and APS accepts all liabilities if there is. It is interesting to note these meters will transmit data to APS. I wonder if it will transmit that data to any government agencies.

Re: Account , Sedona, AZ 86351

We have opted out of your horrific "smart" meter installation program, by registered mail in September 2013, and required that you remove the digital meter and replace it with a safe analog meter, which you did. However, you failed to put a blue tag on it, as you were apparently supposed to do, so in accordance with the instructions in the update on page 9 of the most recent "The Noise", we are writing this letter to you, with copies to the Arizona Corporations Commission, and Commissioner Brenda Burns and Gary Pierce, stating that fact.

Comments: As a consumer, I am outraged about being uninformed (and even misinformed) about the health dangers of Smart Meters pushed on home owners by APS. My MD is opposed as well because I have had severe health issues in my past. The potential for re-accurance by being exposed to radiation 24/7 is huge. I find it unconscionable that this high level of health danger is being pushed/promoted upon the American public in their homes, businesses, schools, churches and even doctors offices! It is my opinion that the opt out fees and false advertising are a greedy approach designed to punish consumers who are informed, concerned and wish to safeguard their health and well being.

Nature of Complaint:

DOCKET NO. E-01345A-13-0069 in favor SMART METERS

2/24

To whom it concerns:

I am trying to prevent the installation of the new meter by APS with reference to Docket No. E-013458-13-0069 due to the constant radiation present. A member of my household is recovering from cancer treatment and we are taking many precautions against possible dangers. Our address is 4777 N. 1st St., Phoenix, AZ 85018.

Thank you in advance for your help on this matter. Keith Pohlman and Linda Ramsay, residents.

To the company:

Please contact the customer to verify request for non installment of automated meter.

Please advise Commission once customer has been contacted.
